

RINSE & RECYCLE

#rinse&recycle

- A quick rinse under a tap, or in your used dishwater, is all that is required.
- Rinsing all plastic, glass, food tins, cold drink cans and liquid cartons helps to reduce flies, ants and rats.
- Please keep all lids on the containers. Labels do not need to be removed.
- Please throw all polystyrene meat trays in the dustbin; they CANNOT be recycled.
